Object: Recommendation Letter

Dear sir/madam,

It is my pleasure today to recommend the work of Ioan Manolea as a volunteer developer for our company Atelier 801.

Since June 2018, Ioan has been a great part of our online video game Transformice, and offered their help as a developer for the community. As such, they oversee managing and maintaining game modules, as well as created new ones to improve the gameplay and entertain the community. They have been a reliable member of the staff for several years.

I have no doubt that Ioan's technological and communication skills, their care for others and English proficiency will be a great addition to any professional team, therefore I wholeheartedly recommend their work today.

Sincerely,

Jean-Baptiste Le Marchand
CEO
